Training workshops for Golf Club Network clients are a huge success...

Telford, 25th May 2010 - As part of their on-going support and commitment to all their client clubs, Golf Club Network has recently held and is holding a number of free training workshops for clients. To date workshops have been held at Shirley Golf Club in the Midlands and North Manchester Golf Club in the North West, further workshops are taking place at Newport Golf Club in Wales and Maidenhead Golf Club in the South.

The objectives of the workshops are to ensure that [Golf Club Network](http://www.golfclubnetwork.co.uk) clubs are getting the most out of the newest and key features of their website, email marketing and tee time booking systems.

The team from Golf Club Network have put together interactive training sessions on the brand new email campaign system, how to generate revenue from their websites, a complete overview of the newest features added to Golf Club Network including video uploads and tee time booking.

Barry Jackson, Secretary at Flackwell Heath commented; "Yesterday's seminar was as professionally done as I would have expected it to be and emphasised that one of the greatest strengths of [Golf Club Network](http://www.golfclubnetwork.co.uk) is its people."

Kate Davies, Marketing Manager at Golf Club Network said of the seminars; "At Golf Club Network, we recognise the importance of looking after our existing customers and keeping them informed about how to get the best out of their investment in our online marketing solutions. For us as a company, it is extremely important to offer free training to our clubs, allow the clubs to meet each other and the support team and give them a face-to-face forum to ask questions about functionality they need to understand better. These seminars will continue to be an on-going part of Golf Club Network's offering and to demonstrate our commitment to giving clubs the tools and support to market themselves effectively."

Phil Davies, from Helsby Golf Club said; "I've been very pleased with the support we've been given when needed and the fact that you continually improve things."

Golf Club Network is planning more workshops in the Autumn - and all the details can be found at www.golfclubnetwork.co.uk.
